

## **Table of Contents:**

### **SECTION ONE: ANATOMY**

Anatomy Atlas

*Bones*

*Muscles*

*Organs and Other Anatomical Features*

Muscle Origin, Insertion, and Innervation

Anatomical Directional Terms

Cranial Nerve Function

### **SECTION TWO: EXAMINATION**

Examination/Evaluation Sequence

History and Review of Systems

Physical Exam

*Sample Upper Quarter Examination Sequence*

*Sample Lower Quarter Examination Sequence*

Tests and Measures

*Tests and Measures Used in the Physical Therapy Examination*

*Pediatric Physical Therapy Assessments*

*Sample List of Examination Tools*

Example of an Assessment Form

Posture Assessment

*Anatomical position.*

*Faulty postures: Kyphosis-lordosis, swayback, and flatback compared with ideal alignment.*

Joint Range of Motion and Muscle Length Testing

Procedures for Measuring Joint Range of Motion and Muscle Length

Suggested Values for Normal ROM for Joints of the Upper and Lower Extremity in Adults Based on Analysis of Existing Data

Traditionally Quoted Values for Normal ROM for Joints of the Upper and Lower Extremity in Adults

Traditionally Quoted Values for Normal ROM of the Thoracic and Lumbar Spine in Adults

Suggested Values for Normal ROM of the Thoracic and Lumbar Spine in Adults

Suggested Values for Normal ROM of Cervical Spine in Adults

Muscle Test Grades

Example of a Pain Assessment Tool

Three Standard Spasticity Scale

*Ashworth Scale*

*Modified Ashworth Scale*

*Spasm Frequency Score*

Key muscle groups

Tests

*Shoulder*

Adson's Test

Apprehension Test of the Shoulder (Crank Test)

Impingement Test

Supraspinatus Isolation

Chest Expansion Test

*Knee*

Anterior drawer test

Apley Test

Ely's Test

Lachman Test

McMurry's Test

Posterior Drawer Test  
Slocum test  
*Hip/Pelvis*  
Laguere's Test:  
Patrick's Test (FABER or figure-four test)  
Slump Test  
Straight Leg Raising  
Trendelenburg Test  
*Spine*  
Back Movements  
Standing Flexion Test  
Sacral Fixation Test (also called Gillet's Test, Marching Test, or Stork Test)  
Landmarks Palpated for Symmetry as Part of the Sacroiliac Examination.  
Prone Instability Test  
*Neck*  
Position testing of the cervical spine  
Supine Vertebral Artery Test  
Spurling's Test  
*Hand/Wrist/Thumb*  
Finkelstein's Test to detect tenosynovitis of the thumb or De Quervain's syndrome  
Phalen's Test  
*Nerves*  
Tinel's Test  
Plantar or Babinski Reflex  
Special Neurological Tests  
Common Imaging Techniques  
Guidelines for Referral

### **SECTION THREE: EVALUATION, DIAGNOSIS AND PROGNOSIS**

Evaluation  
*Evaluating Cranial Nerves*  
Diagnosis/Prognosis  
*Spinal Disorder Diagnoses*  
*Connective tissue dysfunction Diagnoses*  
*Examples of Fractures*  
*Polyneuropathies*  
*Spinal Cord Injuries*  
*Examples of Non progressive spinal disorders*  
*Key Terms Important to the Assessment of Spinal Cord Injury*  
*American Spinal Injury Association (ASIA) Standard Neurological Classification of Spinal Cord Injury.*  
*ASIA Impairment Scale*  
*Skin Breakdown Prevention and Pressure Relief*  
*Lymphatic system disorders Diagnoses?*  
*Indications for Joint Mobilization*  
*Skin Conditions*  
*The ABCDs of Skin Cancer*  
*Skin, Hand and Nails Infections*  
*Common Causes of Skin and Nail Bed Changes*  
*Hand and Nail bed Assessment*  
*Common Variations in Nail Shape*  
*Pressure ulcers in NPUAP Stage.A, Stage I;B, stage II;C, stage III;D, stage IV*

*Burn Injury Classification*

*Rule of Nines provides a quick method for estimating the extent of a burn injury.*

*Neurologic Evaluation*

*Signs and Symptoms of Mixed Peripheral Nerve (Lower Motor Neuron) Lesions*

*Summary of Upper Motor Neurons*

*Causes of Balance Problems*

*Normal Eye Movements*

*Consequences of various visual impairments*

*Cardiopulmonary Evaluation*

*Dyspnea/Angina Scale*

*Pitting Ederema Scale*

*Early warning signs of a heart attack*

#### **SECTION FOUR: INTERVENTION**

*Manipulation Techniques*

*Definitions of Manual Therapy Terminology*

*Sample Manipulation Technique*

*Lumbopelvic (Sacroiliac Region) Manipulation*

*Physical Agents*

*Categories of Physical Agents*

*Physical Agents for Promoting Tissue Healing*

*Physical Agents for the Treatment of Pain*

*Physical Agents for the Treatment of Motion Restrictions*

*Physical Agents for the Treatment of Tone Abnormalities*

*Cardiopulmonary Drainage Positions*

*Considerations when Selecting an Airway Clearance Technique*

*Fall Prevention for Individuals with Increased Fall Risk*

*Wheelchairs*

*Advantages, Disadvantages and Possible Applications of Various*

*Wheeled Mobility Technologies*

*Types of Manual Wheelchairs*

*Types of Powered Wheelchairs*

*Manual Mobility vs Powered Mobility Considerations*

*Physical Assessment in Wheelchair Selection*

*Parts of a Manual Wheelchair*

*Seating Systems*

*Various Types of Seating Fabrication Materials*

*Major Wheelchair Manufacturers*

*Assistive Devices*

*Examples of Assistive Devices for Activities of Daily Living*

*Home Exercise Examples*

*Suggested Postsurgical Home Maintenance after Total Shoulder*

*Arthroplasty*

*Suggested Postsurgical Home Maintenance after Anterior Cruciate*

*Ligament Reconstruction*

*Phases of Rehabilitation*

*Sample of the Phases for Carpal Tunnel Release Postsurgical*

*Rehabilitation*

*Sample form to Track Milestones after Total Knee Arthroplasty*

*Sample form to Track Milestones after Total Hip Arthroplasty*

*Phases of Cardiac Rehabilitation*

#### **SECTION FIVE: TOOLS FOR PRACTICE**

*Health Care and the Law*

Vital Signs: Normal Ranges  
Strength/Weight/Height  
BMI  
Lab Values  
*Blood: Normal Ranges and Causes of Abnormal Results*  
*Urinalysis Results*  
Coding and Billing  
*Common CPT Codes:*  
*Common PT and OT Procedures and ICD-9 Codes*  
American Sign Language  
Patient's Checklist Before Exercise Testing or Training Session  
Physical Activity Guidelines for Americans  
Spanish Terminology  
*Body Parts*  
*Anatomical terms*  
*Patient Prompts*  
*Symptom descriptions*  
*Activities*  
*General Communication*  
*Common Conditions*  
WHIPLASH  
LOW BACK PAIN  
SACROILIAC/PELVIC PAIN  
CERVICAL/NECK PAIN  
MUSCLE SPASM AND PAIN  
HEADACHE  
DEGENERATIVE JOINT PAIN  
CARPAL TUNNEL SYNDROME  
DEGENERATIVE JOINT PAIN  
SACROILIAC JOINT PROBLEMS  
NONMUSCULOSKELETAL PROBLEMS  
Drug Monographs
