

Table of Contents

I Background and Foundation

1 Salivary Gland Development and Regeneration 3

Sarah M. Knox and Matthew P. Hoffman

2 Salivary Gland Physiology Relevant to Diagnostics 14

Victor G. Romanenko and James E. Melvin

3 Saliva: Properties and Functions 27

Arie van Nieuw Amerongen, Enno C.I. Veerman, and Arjan Vissink

4 Saliva Collectors 37

Arjan Vissink, Andy Wolff, and Enno C.I. Veerman

5 Salivary Secretion in Health and Disease 60

Michael D. Turner and Jonathan A. Ship

6 Processing and Storage of Saliva Samples 69

Enno C.I. Veerman, Arjan Vissink, David T. Wong, and Arie van Nieuw Amerongen

II Saliva Diagnostics

7 Historical Perspectives and Present 79

Frank G. Oppenheim

8 Diagnostics Other Than Blood 94

Sudhir Srivastava and Karl Krueger

9 Perceptions of Saliva: Relevance to Clinical Diagnostics 104

Sreenivas Koka and David T. Wong

10 Saliva-Based Diagnostic Technologies: Highlights of the NIDCR's Program 111

Eleni Kousvelari, John T. McDevitt, Daniel Malamud, David T. Wong, and David R. Walt

11 Human Salivary Proteomics 122

Shen Hu, Markus Hardt, Susan J. Fisher, David T. Wong, John R. Yates, James E. Melvin, and Joseph A. Loo

12 Genomic Targets in Saliva 129

Bernhard G. Zimmermann, Zhanzhi Hu, and David T. Wong

13 Point-of-Care Diagnostics for Infectious diseases 136

Paul L.A.M. Corstjens, Daniel Malamud

14 Dental Caries Risk Assessment 150

Paul C. Denny and Patricia A. Denny

15 Periodontal Disease 156

Christoph A. Ramseier, Thiago Morelli, Janet S. Kinney, Meghan Dubois, Lindsay Rayburn, and William Giannobile

16 Role of Saliva in Detection of Substance Abuse 169

Uttam Garg and Lance Presley

17 Head and Neck Cancer 180

Joseph A. Califano and Suhail K. Mithani

18 Sjogren's Syndrome 189

Philip C. Fox

19 Salivary Gland Dysfunction Associated with Systemic Disease 198

Nelson L. Rhodus

20 Progression and Treatment Evaluation in Diseases Affecting Salivary Glands 214

Jiska M. Meijer, Cees G.M. Kallenberg, and Arjan Vissink

21 The Uses of Saliva in Forensic Genetics 226

Jack Ballantyne and Jane Juusola

22 SPKB—Salivary Proteome Knowledge Base: A Platform for Collaborative Proteomics Research 233

Weihong Yan, Weixia Yu, Shawn Than, Renli Qiao, D. Stott Parker, Joseph A. Loo, and David T. Wong

III Saliva Diagnostics—A New Industry

23 Commercialization of Oral Fluid Products and Technologies 243

R. Sam Niedbala

24 Coverage and Reimbursement for Salivary Diagnostic Tests 255

James J. Crall

25 Saliva Diagnostics in the Dentist's and Physician's Office 263

Chakwan Siew and Milton V. Marshall

26 Salivary Hormones in Research and Diagnostics 270

Douglas A. Granger, Christine K. Fortunato, Leah C. Hibel

27 Crossroads Between Saliva Diagnostics and Salivary Gland Gene Therapy 278

Bruce J. Baum, Ana P. Cotrim, Corinne M. Goldsmith, Fumi Mineshiba, Senrong Qi, Gabor Z. Racz, Yuval Samuni, Takayuki Sugito, Antonis Voutetakis, and Changyu Zheng

28 Saliva Diagnostics—A New Industry 288

Stuart R. Smith, David T. Wong, and R. Michael Buch
