Part 1: HEPATOLOGY

1 Approach to the Patient with Abnormal Liver Tests
Charissa Y. Chang

2 Approach to the Patient with Jaundice
Jawad Ahmad

3 Drug Induced Liver Injury (DILI)
Ponni V. Perumalswami

4 Hepatitis A (and E)
Ponni V. Perumalswami

5 Hepatitis B and D
Elizabeth A. Kula, Donna Fanelli, & Douglas Dieterich

6 Hepatitis C: Diagnosis, Management and Treatment
Alicia C Stivala, Deepti Dronamraju, Douglas Dieterich

7 Coinfections: HIV/HBV/HCV
Marie-Louise C. Vachon, Alicia C Stivala and Douglas T. Dieterich

8 Hepatic Abscess
Lawrence U. Liu

9 Biliary Infections
Gopi Patel

10 Alcoholic Hepatitis
Scott L. Friedman

11 Nonalcoholic Fatty Liver Disease
Charissa Y Chang

12 Autoimmune Hepatitis and Overlap Syndromes
Joseph A Odin

13 Primary Biliary Cirrhosis
Nancy Bach and Joseph A Odin

14 Primary Sclerosing Cholangitis
Nancy Bach, Joseph A Odin

15 Hereditary Hemochromatosis
Jawad Ahmad

16 Wilson disease
Joseph A. Odin, Nancy Bach, Vivek Kesar

17 Alpha-1-Antitrypsin Deficiency
Joseph A Odin and Vivek Kesar

18 Portal Hypertensive Bleeding
Jawad Ahmad

19 Ascites
Henryk Dancygier

20 Spontaneous Bacterial Peritonitis
Henryk Dancygier

21 Hepatic Encephalopathy
Priya Grewal

22 Hepatorenal Syndrome
Henryk Dancygier

23 Hepatopulmonary syndrome
Jawad Ahmad

24 Portopulmonary hypertension
Jawad Ahmad

25 Pregnancy related liver disease
Priya Grewal

26 Acute Liver Failure
Meena B. Bansal

27 Budd-Chiari Syndrome
Leona Kim-Schluger

28 Portal Vein Thrombosis
Leona Kim-Schluger

29 Non-Cirrhotic Portal Hypertension
M. Isabel Fiel and Thomas D. Schiano

30 Liver Lesions
James S. Park

31 Cystic Lesions of the Liver
Abdulah Alhawsawi, Juan P Rocca, Marcelo E Facciuto

32 Surgery in Patients with Liver Disease
Jawad Ahmad

33 Nutrition in Liver Disease
James S. Park

Part 2: PEDIATRICS

34 Diagnosis and Management of Acute Liver Failure - A pediatric perspective
Tamir Miloh

35 Liver function tests in childhood
Nanda Kerkar

36 Approach to Jaundice in Infancy
Jaime Chu

37 Management of end-stage liver disease in children
Ronen Arnon

38 Liver transplantation: pediatric perspective
Nanda Kerkar

Part 3: TRANSPLANT

39 Evaluation of Patients for Liver Transplant
Lawrence U. Liu

40 Live Donor Transplant Evaluation
Lawrence U. Liu

41 Surgical evaluation for Liver Transplant
Hiroshi Sogawa

42 Post-operative Care of the Liver Transplant Patient
Alan Contreras-Saldivar

43 Diagnostic approach to abnormal liver tests following liver transplantation
Charissa Y. Chang

44 Acute Rejection
Costica Aloman

45 Chronic Rejection
Costica Aloman

46 Primary non-function
Eric G. Davis and Sander S. Florman

47 Ischemia reperfusion injury after liver transplantation
Matthew Y. Suh and Juan P. Rocca

48 Vascular Complications of Liver Transplantation
Eric G. Davis and Sander S. Florman

49 Biliary Complications After Liver Transplantation
Marie E. Le and Marcelo Facciuto

50 Approach to Prophylaxis and Management of Infections after Liver Transplant
Shirish Huprikar

51 Malignancy after Liver Transplant
Lawrence U. Liu

52 Hepatitis C Post Liver Transplantation
Thomas D. Schiano and M. Isabel Fiel

53 Recurrent Disease Post-Liver Transplantation: Autoimmune Diseases, Hepatitis B and NASH
Thomas D. Schiano

54 Health Maintenance after Liver Transplant
Lawrence U. Liu
