

## **Table of Contents**

Preface ix

Abbreviations xi

Introduction xiii

### **1 Horny Layer 1**

Reduced granular layer

Prominent granular layer

### **2 Epidermis 15**

Eczematous

Acute

Subacute

Chronic

Pruriginous

Psoriasiform

Bullous, acantholytic

Pustular

Degenerative

Necrotic

Ballooning

Koilocytic

Atrophic

### **3 Dermal–epidermal Junction (Interface) 109**

Lichenoid

Subepidermal blistering

### **4 Dermis 133**

Edema

Infiltrates

Non-granulomatous

Granulomatous

Connective tissue

Sclerosis

Perforation and extrusion

### **5 Vessels 221**

Intravascular coagulation

Vasculitis

Small vessel

Medium-sized vessel

Medium and large

Localized

Arteritis

Vasculopathic changes

## **6 Subcutis 265**

Panniculitis, septal

Panniculitis, lobular

Fat necrosis

## **7 Deposition and Storage 281**

Foreign bodies

Lipids

Mucin

Amyloid

Calcium and bone

## **8 Adnexae 321**

Pilosebaceous unit

Hair

Hair follicles not reduced

Hair follicles reduced
